# RideSport Stables

## Worming Schedule (Active Ingredient)

For all RideSport Boarders, you will need to maintain the following worming schedule for your horse (s):

**January**: *Fenbendazole*

**April**: *Pyrantel Pamoate*

**July**: *Oxibendazole*

**October** *Ivermectin/ Praziquantel*

*Or*

*Moxidectin/ Praziquantel (NOT for Horses under the age of 4)*

*******When finished, please leave your empty tube labeled with name of horse and date in the front tack room in the main barn. *******
